

Mudi

Height - Dogs 16" to 18½" Bitches 15" to 17½"

Table/Ramp Optional

General Appearance – Medium sized, moderate in conformation. Nearly square with slightly sloping topline.

Head – Wedge shaped when viewed from top and from side.

Muzzle – Slightly less than one-half of total length of head. **Stop** – Defined but not obvious. **Eyes** – Dark as possible. **Ears** – Set high and fully erect, covered with abundant hair. **Bite** – Scissors preferred, level acceptable. Full dentition preferred.

Body – Smooth and tight with hard not bulging muscles. **Neck** – Medium length, well-muscled, placed slightly high on shoulders, slightly arched. **Tail** - Natural length or with natural bob, carried in sickle shape higher than the topline, abundantly coated.

Coat – Face and legs have short hair, body has uniformly very wavy to curly and dense. One to three inches long.

Color - Allowed colors are black, brown, gray, gray-brown, yellow and white. Merle pattern may be present with any color.

Gait – Action is true, free, supple, and tireless, exhibiting facility of movement rather than hard driving action. The capacity of quick and sudden movement is essential.

DISQUALIFICATIONS:

- Dogs less than 15½ inches and over 19 inches, and bitches less than 14½ inches and over 18 inches.
- Yellow eyes in black dogs. Pink (albino) eyes in white dogs. Incomplete or pink pigmentation of the eye rims.
- Drop or semi-pricked ears.
- Pink or spotted nose.
- Over or undershot mouth, wry mouth.
- Short, smooth, flat coat on the whole body; long hair on the face.
- Wolf gray (agouti-alternating bands of color along each hair shaft), black and tan, albino (pure white with pale pink skin and pink eyes) or any other color or markings not listed.
