

# Brittany

**Height** Dogs and Bitches- 17 ½” to 20 ½”

**General Appearance** - Square and leggy the Brittany is a lightly built, medium sized, bird-dog. Height at elbows equal distance from elbow to withers.

**Head** - Slightly wedged shaped head with a high ear set and eyes well set in head with an alert soft expression. **Muzzle** - Two thirds the length of the skull and tapers gradually to the nose.

**Bite** - Scissors. **Ears** - Short and triangular.

**Body** - Chest should be deep, rather than round. **Topline** - Slightly sloping. Well angled front and rear. **Tail** - Tailless or docked no longer than four inches. **Feet** - Halfway between a hare and a cat foot.

**Coat and Color** - Dense, flat or wavy and can come in either liver and white or orange and white either clear or roan. Tricolor is allowed, not preferred and with the prescribed orange tri markings only. Long and or profuse feathering is a very serious fault.

**Movement** - Very agile and quick of movement with good angulation that should be checked in motion. Should have good reach and drive.

**Disqualifications:** Any Brittany measuring under 17 ½ inches or over 20 ½ inches. A black nose. Black in coat.
