

# Biewer Terrier

**Height** - 8"-10" - Serious fault over 11"

**General Appearance** - An elegant, longhaired, tricolored toy terrier with a breed signature ponytail. Slightly longer than tall, although square is acceptable.

**Head - Expression** - Bright, intelligent. **Eyes** - Dark as possible, medium sized. **Ears** - Small, upright, V shaped, set moderately wide. Ear tips are shaved. **Skull** - Slightly rounded, parallel planes. **Stop** - Moderate. **Muzzle** - One third the length of the head. **Pigment** - Eye rims, nose, lips completely black. **Bite** - Scissors or level.

**Body** - Chest comes to elbows with good width. Loin well developed, strong. Slight tuck up. **Neck** - Moderate in length. **Topline** - Level. **Tail** - Set high, carried well arched over body, falling to either side, with long luxurious plume. **Forequarters** - Straight. **Angulation** - Well laid back. **Pads** - Black, flesh-colored or a combination of both. **Hindquarters** - In balance with forequarters. **Feet** - Round. Nails can be black and/or white

**Coat** - Long, flowing, straight, without undercoat, hanging close to ground. Head falls that display ruffling, teasing or roll-overs common to other breeds should be eliminated from competition.

**Color - Head** - Black or blue, tan, and white in good symmetry. **Body** - Black, or blue and white. Chest, legs and tip of tail are white. White on the chest must extend up to the chin.

**Temperament** - Intelligent, loyal, fun loving, and playful attitude.

**Gait** - Moves confidently with high head carriage.

## **DISQUALIFICATIONS:**

- Head without tan.
- Blue eye(s) or blue flecks in the iris.
- Liver pigmentation of eye rims or nose.
- Any color other than the tricolored pattern described above.
